

**Request for Information No. I**  
**RFP No. 19/20-06 College and Career Planning Platform**  
**April 6, 2020**

**Response to Proposers' Questions**

1.1           **Question:** Are you looking for one product for College and Career Planning? Or are you looking for a bunch of products to tick this box.

**Answer:** Ed Tech JPA is soliciting proposals for a comprehensive college and career readiness/planning platform.

1.2           **Question:** My product provides access to College and Career Readiness through Computer Science. However would only be one piece of the puzzle. I am wondering if this is an RFP we should bid on or whether you are looking for one product which ticks more boxes.

**Answer:** Ed Tech JPA is soliciting proposals for a comprehensive college and career readiness/planning platform. Vendors who offer college and career readiness/planning for only one subject and feel their platform meets the requirements of this RFP should be clear about how their product meets the requirements to be a comprehensive solution.

1.3           **Question:** I am preparing a response proposal for the above named RFP in accordance with the instructions stated below from the RFP.

I have the RFP document in Adobe as a pdf, however the narrative boxes for responses do not expand for the Adobe format and adding text goes beyond their boundaries. I have converted it to a Word document and I cannot get the cursor to enter the response boxes. In the many RFPs I have completed I have not come across this before. Can you please advise if there is another technological way to comply with using the proposal form when the narrative information does not fit within the form areas provided?

7.0 Proposal Format

All Proposals shall be submitted on the attached Proposal Form,.....

**Answer:** On the [Ed Tech JPA website](#) the full Proposal is available for vendor's review. Below the full proposal a link to a Response Template is provided. This link provides a Word template of the sections of the Proposal that vendors are expected to respond to. Vendors should download a copy of the blank Response Template in Word prior to entering any information. Word should expand sections as necessary to allow text.
