Request for Information No. II
RFP No. 25/26-01 Artificial Intelligence Platforms
August 12, 2025

Response to Proposers' Questions

2.1   **Question**: Could you please confirm if there is an incumbent contractor currently providing these services? If so, may I request the contractor's name and contract details for reference?

   Answer: Ed Tech JPA represents a large and varied number of local educational agencies. Our members have diverse needs related to Artificial Intelligence Platforms. Members act independently and have different levels of AI use, implementation, and may use different platforms.

2.2   **Question**: We wanted to confirm whether the Education Technology JPA is seeking to purchase an existing, ready-made AI platform or if you are looking for a partner to build a custom system specifically for your needs. This clarification will help us determine the best way to approach the opportunity.

   Answer: Vendors should respond with existing solutions that meet the required criteria (green with double asterisks).
