

Request for Information No. III
RFP No. 23/24-02 Assessment and Analytics Platforms
October 5, 2023

Response to Proposers' Questions

3.1 **Question:** When submitting a response, can the signatures on the various forms be provided by DocuSign and then printed, or is it required that every signature on each form be a "wet" original signature?

Answer: Ed Tech JPA is happy to accept digital signatures of authorized signatories on both RFP responses and agreements negotiated after award. Please be aware that some JPA members may require hand-written signatures on Purchase Agreements. Awarded vendors should work directly with purchasing members to determine their requirements.
