

TOTAL COST COMPARISON

*Calculations for non-responsive vendors are not comparable to responsive vendors, as incompleting items may be calculated as a \$0 cost		
*If a vendor offers different discount levels for different manufacturers/products within one catalog category, the smallest discount will be applied		
*If a vendor offers multiple products (original and approved substitutions) the lowest priced product will be scored

*Note: This is NOT AN ORDER. Quantities have been established purely to provide a hypothetical purchase to allow for scoring of Bids.					
*For Services provided directly by Bidders and not through a manufacturer MSRP should be interpreted as "Provider's standard rate". If the services are not listed in a link to MSRP pricing, Bidders may attach a listing of standard rates in lieu of providing a link and record the discount off those rates in the Catalog discount section.
