

**Request for Information No. I**  
**RFP No. 22/23-01 Professional Learning Management Systems**  
*November 1, 2022*

**Response to Vendors' Questions**

1.1           **Question:** When was this RFP released?

**Answer:** This RFP was released October 31, 2022

1.2           **Question:** Also, to be clear, this is the second RFP for LMS that the Ed Tech JPA has issued, correct?

**Answer:** This Request for Proposals is for *professional learning* management systems. Ed Tech JPA's Learning Management Systems RFP, issued in 2019, focused on systems to support student learning (online classrooms, assignments, grades, etc.). The current professional learning management system RFP was issued to solicit proposals that focus on staff development, including professional learning registration and online content. Some providers' solutions may also include both staff and student learning platforms. This is the first RFP Ed Tech JPA has issued related to professional learning management systems.
