Response to Proposers' Questions

6.1 **Question:** In light of the extensive information requested in the RFP, we ask for your consideration to extend the due date to January 31, 2022.

Answer: Ed Tech JPA has extended the proposal due date until 12:00pm on January 11, 2022. Please see Addendum No. I for details related to the RFP timeline. Unfortunately, due to heavy volume of annual contract renewals and staff workload during the busy season, we are unable to extend the due date beyond this date. We hope that an additional five weeks, for a total of eleven weeks is enough time for Vendors to respond.
